Introducing Teaninich 14 Year Old: A rare gem hand-picked by whisky legend, Frank McHardy

Singapore, July 7, 2023 – Signature Reserve is proud to lead the highly anticipated launch of an exclusive, rare, and limited-edition whisky to commemorate the inaugural visit of esteemed whisky legend, Frank McHardy to Singapore. Crafted specifically for his Asian friends, the Teaninich 14 year old whisky will be unveiled on 24th July 2023 at Signature Reserve, a whisky-centric bar where consumers can enjoy an all-encompassing and immersive whisky escapade.

Distilled in 2009, the Teaninich 14 year old whisky symbolises exceptional rarity, as bottlings of Teaninich are scarce and difficult to find in today's market because they are predominantly used for blending. This limited-edition release, consisting of only 268 bottles, further enhances its status as an extraordinary whisky. Frank McHardy himself personally selected this whisky due to his special connection with the region, the distillery, and the unique qualities of the spirit. This 53% (ABV) whisky is also available for pre-order on The Whisky Store at \$430.

In celebration of this significant and grand occasion, the Teaninich 14 year old whisky offers a delightful blend of fruity and cheerful flavors. Its captivating aroma reveals hints of ripe bananas, while the palate delights in mouthwatering notes of vanilla, honey, and spices, finishing with a gentle spice and lingering sweetness. This makes it an incredibly approachable and versatile whisky, as emphasized by Frank McHardy himself, stating, "Specially selected for my friends in Asia and to celebrate my visit to Singapore in 2023, this is the perfect whisky to enjoy at any time of the day."

To introduce the Teaninich 14 year old whisky to Singapore's whisky collectors, The Whisky Store will host an exclusive tasting session for media and customers. Attendees will have the opportunity to savor this remarkable whisky alongside delectable canapés and The Frank McHardy Series at Signature Reserve, where they will also be privy to exciting upcoming plans for the establishment.

The Teaninich 14 year old whisky is now available for pre-order at The Whisky Store and other whisky bars under the Quaich Bar group.

About The Whisky Store

The Whisky Store began in 2005 as a humble retail kiosk in Tanglin Mall run by escapees from the corporate world, Khoon Hui and Joyce. Today, The Whisky Store is much more than a kiosk. We import a wide range of whiskies from boutique distilleries in Scotland, Ireland, South Africa and India, and

independent bottlers and wholesalers in the United Kingdom, as well as other spirits, wines and liquors, many of which we hold in exclusive agency in Singapore. The retailer also distributes on a wholesale basis to other bars, country clubs, hotels, restaurants, corporations, and individuals who wish to purchase whiskies in volume. Since 2020, The Whisky Store has also embarked on an online retail store of whiskies and other spirits.
